

# SHIELDS

## VENGEANCE WMX6 THREAT LEVEL IIIA AND SPECIAL THREAT

The **WMX6** is the next generation in our VENGEANCE™ Series hard armor shields. The patent pending design reduces weight and increases speed of deployment resulting in high-speed protective **GUNFIGHTER™** shields that allow rapid transition between weapon systems (less lethal, handgun and rifle). The Triple-V upper was designed by shield operators to aid maneuverability in close quarter combat. While compact, the design affords ample ballistic torso and cranial coverage. The **WMX6 GUNFIGHTER™** features our patented VENGEANCE™ viewport which enhances operator field of view at extreme close quarters and is deployed by over 2000 United States Marshals as well as hundreds of state and local law enforcement officers. BlueRidge Armor, Legendary Performance, **MISSION DRIVEN – PURPOSE BUILT!**

### STANDARD FEATURES:

**Size / Weight:** 20"x 34" / 14.5 lbs. with Viewport

Patented VENGEANCE™ Viewport

Patent Pending Triple-V Weapons Platform

Rigid CARBON FIBER Handle

Large Single Curvature Ballistic Torso Protection
