

SHIELDS

PATROL DEFENSE SHIELD – PDS THREAT LEVEL IIIA HANDGUN

The **Patrol Defense Shield (PDS)** was developed with direct input from officers that need rapid deployment ballistic protection that is easy to stow. The **PDS** is compact yet offers a high degree of ballistic torso protection. When upgraded with an Elzetta Horizontal or TriDextrous handle and integrated shield light, the **PDS** delivers 1000 lumens of high intensity light.
