

# CARRIERS

## VADER-X1 PLATE CARRIER PLATFORM

The Berry compliant **VADER-X1** plate carrier platform is manufactured using 100% military grade high strength Squadron® laminate, reinforced laser cut fabric. **VADER-X1** incorporates large area laser cut Molle Attachment Points (MAP's) for maximum pouch and gear attachment options. The cummerbund comes standard with ROC-LOCKER quick release for easy donning, doffing and emergency removal. **VADER-X1** accepts commercial and military sized hard armor rifle plates as well as soft armor ballistic inserts. MISSION DRIVEN – PURPOSE BUILT!
